NEWS RELEASE

Warrant Expiry Accelerated for 13,000,000 Warrants

Constantine Metal Resources Ltd. (TSX Venture- CEM) ("Constantine" or the "Company") has accelerated the expiry of 13,000,000 warrants exercisable at \$0.20 by giving notice to its warrant holders that it is exercising its right to do so under the terms of the issuance of the warrants.

The warrants were issued as part of a 25,000,000 unit private placement on July 17, 2009 and were exercisable for a period of one year, however the Company has the right to accelerate the expiry date by giving notice to the warrant holders at any time after the Company's shares closed at a price equal to or greater than \$0.30 for a period of twenty consecutive trading days. The trading price of the Company's shares met this threshold on August 27, 2009.

Based on the notice given to the holders, the \$0.20 warrants will now expire on January 10, 2010.

About Constantine

The Company's Palmer project is a world class base metal exploration opportunity in a very accessible part of southeast Alaska. Constantine also owns 100% of the Croesus Gold property, including the former Croesus Gold mine, consisting of 22 patented mining claims and leases (416 hectares), located 90 kilometers east of Timmins, Ontario and within the influence of the prolific Porcupine-Destor Deformation zone (PDDZ) that stretches between Timmins, Ontario and Val'Dor, Quebec.

Please visit the Company's website (www.constantinemetals.com) for more detailed company and project information.
